NDT Inspector

Aero Norway is looking for NDT Inspector

Job description

- Carry out inspection of parts/components within area of responsibility and in accordance with approved data (manuals, procedures and customer requirements)
- Minimum certified within Eddy Current Inspection (ET), Fluorescent Penetrant Inspection (FPI), Magnetic Particle Inspection (MT) and Ultrasonic Inspection (UT)
- Perform work in compliance with all applicable regulations and requirements, attend quality related training, and at all-time comply with the company quality policy.

Qualifications

- NDT level 2 certified according to EN 4179 & NAS-410 or equivalent within the mentioned four NDT methods.
- Experience from aviation industries.
- Good understanding of ERP systems
- Good English skills and preferable Norwegian skills

Abilities

- Solution oriented
- Responsible
- Efficient and accurate

We can offer:

- The opportunity to learn and develop your career in an exciting industry.
- You will feel fully involved in the day to day operations of the business and will be able to influence the continued success and growth of a rapidly growing organization.
- Whilst we all work very hard, we have a culture that's relaxed and down-to-earth, positive and professional.
- A proactive approach to constantly improving processes to ensure a rewarding working day and a good work life balance.

Starting date: As soon as possible

Working hours: At 07.00 to 15.00. Monday to Friday.
