Quality Engines

I hereby would like to express my appreciation for your great performance on our engine repair. We mentioned that we needed a quick and risk-free support on our aircraft return project, but were unable to provide any assistance from our side. We discussed almost everything on the phone and experienced a perfect performance from your end. Evren and Freimut coordinated the process in a perfect way that everything went as expected and pre-agreed level.

I would like thank to the entire team for their great support on our operation.

Oğuzhan HORASANLI - Engineering Manager, Corendon Airlines
