## MECHANIC

Aero Norway is looking for Mechanic at Repair shop (Machineshop)

### Job description

- Set up machines at the beginning of shift to ensure proper working order
- Perform testing procedures to ensure that machines work optimally during the production procedures
- Make tooling in accordance with OEM Tool Drawings or as requested by Engineering
- Perform maintenance and modification work according to current production plans, limited to the authorisation(s) stated in the qualification records of the person concerned.
- Perform troubleshooting/repair/overhaul/testing according to approved data (manuals, procedures and customer requirements)
- Communicate any technical problems with their supervisor in a timely manner.
- Ensure that tools and equipment are calibrated and in working order and that only calibrated and equipment is used for performance of the work
- Evaluate procedures to analyze and improve the overhaul of aircraft engines and help reduce TAT.
- Ensure that components are registered and approved in the Aero Norway Capability list before the work is started
- Ensure that all work he/she has performed and signed for is performed correctly
- Be proactive to help improve all aspects

### Qualifications

- Trade certificate as a machine operator (Certificate of apprenticeship)
- Experience in manufacturing machining operations
- Experience of aircraft engines or other relevant mechanical/technical experience
- Machine and CNC knowledge preferred
- Ability to read blueprints, schematics and manuals

### Abilities

- Solution oriented, structured and ability to incorporate improvements
- Good communication skills in English
- Methodical work attitude

### We can offer:

- The opportunity to learn and develop your career in an exciting industry.
- You will feel fully involved in the day to day operations of the business and will be able to influence the continued success and growth of a rapidly growing organization.
- Whilst we all work very hard, we have a culture that's relaxed and down-to-earth, positive and professional.
- A proactive approach to constantly improving processes to ensure a rewarding working day and a good work life balance.

Starting date: As soon as possible

Working hours: At 07.00 to 15.00. Monday to Friday.
