REQUIRED INFORMATION IN CONNECTION WITH DIGITOLL CLEARANCE IN NORWAY

To perform **border crossing into Norway after 15.09.2026**, your transport will have to be digitally reported to Norwegian customs authorities prior to border crossing.

For our agent to perform Digitoll on your behalf we would require the following information

Shipping invoice	Additional documentation / information required
Shipping invoice issued to Aero Norway must include a detailed description of the goods. • Item Description • Serial number • Custom value • Weight • Dimension • Country of origin • Value for customs purposes • HS Code below: • Engine: 84111200 • Engine Stand: 87168009 • Engine Parts: 84119100 • ECCN Number 9A991	Lack of any of these requirements will prevent us from reporting the transport in Digitoll • Purge Statement or Dangerous Goods (DG) declaration. • Complete set of documents included copy of export/transit documents. • T1 document (mandatory for EU border crossing • Place, date and ETA border crossing • Registration number and nationality of vehicle • Full name of driver, mail address and phone number • Full name and address of responsible transport company with EORI number. ALL DOCUMENT SHOULD BE SENT BEFORE DEPARTURE OR IN GOOD TIME BEFORE BORDER CROSSING TO: customs@haakull.no & engineshipping@aeronorway.no

T1 Document:

The T1 document must be issued to Aero Norway AS

- Custom office destination: **NCTS:NO345002**
- Aero Norway EORI/VAT# 898433072
- Sealed truck/containers must be released, and T1 document stamped by Norway customs before offloading, and T1 can be closed.
- (for clarity's sake Norway is not an EU Member)

NOTE: The T1 document can only be closed by Aero Norway's agent when it is correctly completed and registered in the TVINN system.

Offloading: Upon arrival, engines are offloaded and customs cleared into Aero Norway
Bonded Warehouse Type D

ECCN Code

CFM56-3, 5B and 7B engines and associated parts destined only for civil aircraft (commercial airline passenger transport) fall under the **ECCN Code 9A991** as per the U.S. Export Administration Regulation (EAR)

Site access & Operating Hours

Loading/Offloading Hours – Monday to Friday, 7:30 – 14:00.

(Operations outside these hours or during weekends require written pre-approval)

Arrival Procedure – Upon arrival, trailers must **stop** for registration at the entrance sign, approximately **60 meters** after the gate.
